133      
 Geo. b. Sibbey Esqr          30th June 1810
 Fort Osage

Sir,

The annexed is a list of sales made here in April last of the Shatter Fur, and a few other articles collected by you last season they were all brought here by the way of the Ohio and Potomac (except the Indian dried Deer skins which came by the way of Orleans) at the expense from St. Louis of about 2 shillings per to and came in remarkable good order. The sales were very satisfactory except the Indian dried Deer skins which do not answer and I fear never will.
