Mr. C. Schley Esq

Mr. Factor F'. Coop

Office of Indian Trade March 24th 1817

Sir,

I have received your accounts for the quarter ending on the 31st December last - They are correct, with the exception of the enclosed Bill for Beef hides - receipt for
In one year, and the amount of the Bill in another.

Be so good as to correct the error and return them.

It affords me pleasure to learn that the Indians in that quarter are quiet. By the time (your Buildings are completed) you are I hope in the full tide of a successful and harmonious trade.

The difficulty of procuring ammunition has caused me to fear that I should not be able to have this article at St. Louis in time, for the return of your Boat. I wait a letter from New York, which will decide my course, or my fears. I know it is important, for the safety you have assigned. Respectfully yours. The Letter 4/13.
